How do you get to Hanalei?

You get on the internet & pray!

that the fares are good & the timing is right
and that you're on a very safe flight.

Where do you stay in Hanalei?

In an idyllic cottage on the bay.

where the view is divine & location just right,

and the crashing waves sing you to sleep at night.

What do you do in Hanalei?

As little as possible everyday!

unless you're here to wear yourself out,

then you leave & hike & drive all about.
